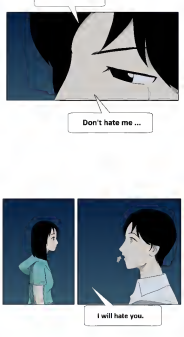
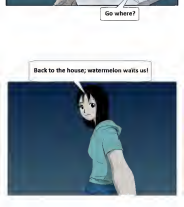
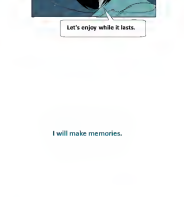
You had your own time. You had walked on your own life.
I feel it's my turn to live my own life... I was always alone ... Give me my turn... So, don't hate me ... Don't blame me ...



I could have told you if I could !
If I could change the outcome, I would have !
But no matter what I do, the outcome has always been the same ! I am not ... I am not...



It's your first time to be at sea, no? If you want to have your own life, start here positively.
To be honest, I don't know what you are even talking about but ... I won't hate you most likely.



I will make memories.

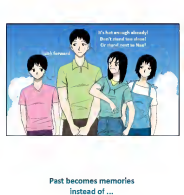
Okay! Han-Gyul, you brought a camera, didn't you? Time to take pictures!
Yeah, I did but ...
You never liked taking pictures... You told me that you never look good on pictures...

I will make memories for him to cherish.

I will make him realize that he wasn't left behind.

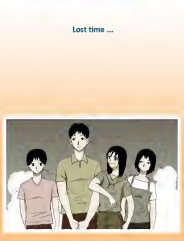
And that he stands here on the same line like everyone else.

I will make memories for him.



So that

Past becomes memories instead of ...



Lost time ...

I will make you memories.

Wait ..., Earth may be destroyed in 5 years...

.....

There may not be much time left in that case.
